## Independent Auditor's Report

To the Board of Directors Martha's Table, Inc. and Affiliates Washington, DC

#### Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Martha's Table, Inc. and Affiliates (collectively, "Martha's Table"), which comprise the consolidated statement of financial position as of December 31, 2018, the related consolidated statement of activities and change in net assets, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Martha's Table Inc. and Affiliates as of December 31, 2018, and the change in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Note 1 - Organization and summary of significant accounting policies

#### Nature of business

Martha's Table, Inc. ("Martha's Table") was incorporated in the District of Columbia on December 6, 1979. Martha's Table is a not-for-profit corporation operating in the District of Columbia, the purpose of which is to support stronger children, stronger families, and stronger communities by increasing access to quality education programs, healthy food, and family supports.

Martha's Table Hillsdale, LLC ("Hillsdale") is a single member LLC, created in 2015, and is the builder and owner of The Commons at Stanton Square.

Martha's Table SO, Inc. ("MT SO") was created in 2015 to support Martha's Table, Inc. in building a new facility and providing essential programs in the communities of Wards 7 and 8 in Southeast Washington, DC.

#### **Principles of consolidation**

The consolidated financial statements include the accounts of Martha's Table, MT SO and Hillsdale (collectively, "Martha's Table"). All significant intercompany accounts and transactions between the organizations have been eliminated.

#### **Program services**

#### Health & Wellness Initiatives

Martha's Table's Health & Wellness Initiatives offer prepared meals, on-site grocery access, and school-based grocery access. Meals prepared on-site for its education programs meet or exceed government nutritional standards. McKenna's Wagon, Martha's Table's mobile food truck, distributes warm meals seven days a week to individuals experiencing hunger or homelessness. Martha's Table also provides healthy groceries at no cost through regular markets at 50 sites including elementary schools in Wards 7 and 8, community centers, and at its own facilities.

#### **Parent Initiatives**

Martha's Table's Parent Initiatives support families outside of the classroom through monthly home visits throughout the first two years of a child's life. Martha's Table also offers a family resource center, Parent Cafes, and training programs that help prepare parents to be their child's first and most important teacher in life. Additionally, Martha's Outfitters, Martha's Table's no-cost community store, offers free access to baby items, including bottles and diapers, as well as children's and professional clothing for families with young children.

#### **Education Initiatives**

Martha's Table's Education Initiatives offer a nationally accredited, comprehensive early childhood education program for infants and toddlers ages six weeks to three years. Its curriculum promotes whole child development - focusing on physical, cognitive, and socioemotional development - to ensure children are on track and ready to learn in pre-kindergarten and beyond. Additionally, Martha's Table Scholars Enrichment Program supports children in pre-kindergarten through second grade year-round with engaging activities that help students develop their literacy proficiency, socio-emotional skills, and academic content knowledge. To support older youth, Martha's Table partners with Urban Alliance on a workforce readiness training program for high school students. Students participate in weekly job training workshops starting their freshman year. By senior year, they are placed in nine-month, paid, professional internships.

#### Notes to Consolidated Financial Statements December 31, 2018

#### Basis of accounting

The accompanying consolidated financial statements have been prepared using the accrual basis of accounting. Consequently, revenues are recognized when earned and expenses are recognized when the obligation is incurred.

#### **Functional allocation of expenses**

The costs of supporting and managing the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities and change in net assets. Accordingly, expenses have been allocated among the benefitting program and supporting services based on specific identification or reasonable allocation methodologies.

Expenses considered facilities expenses including personnel, depreciation, and repairs and maintenance are allocated based on square footage. The office of the President/CEO is allocated based on estimated time and level of effort. Information Technology (IT) expenses are allocated based on the number of staff in each department. General and administrative expenses include those expenses that are not directly identifiable with any other specific function, but that provide for the overall support and direction of Martha's Table.

#### Cash and cash equivalents

Cash and cash equivalents consist of cash in operating and money market accounts, cash on hand, and highly liquid investments with original maturities of 90 days or less.

#### Pledges and contributions receivable

Unconditional promises to give that are expected to be collected within one year are reflected as pledges and contributions receivable and are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are reflected as pledges and contributions receivable and are recorded at their net present value using a risk adjusted discount rate of 3.25%. Amortization of the discount on pledges and contributions receivable is recognized as contributions and grants revenue. Management evaluates the need for allowances based on a review of the estimated collectability of the specific accounts, plus a general provision based on historical loss experience and existing economic conditions. Uncollectible amounts are charged off against the allowance for doubtful accounts once management determines an account, or a portion thereof, to be uncollectible. Based on management's evaluation of collectability of pledges and contributions receivable, no allowance for uncollectable accounts was required at December 31, 2018. Bad debt expense was \$14,966 for the year ended December 31, 2018.

#### Grants receivable

Grant expenses incurred before the related grant revenue is received are recorded as grants receivable.

Management evaluates the need for allowances based on a review of the estimated collectability of the specific accounts, plus a general provision based on historical loss experience and existing economic conditions. Uncollectible amounts are charged off against the allowance for doubtful accounts once management determines an account, or a portion thereof, to be uncollectible. Based on management's evaluation of collectability of grants receivable, no allowance for uncollectible accounts was required at December 31, 2018.

#### Notes receivable

Notes receivable are recorded at the net realizable value based on assessments made by management. An allowance is established for any note that management deems to be uncollectible based on their assessment. Management determined that the amounts reported as notes

#### Notes to Consolidated Financial Statements December 31, 2018

receivable were fully realizable therefore no such allowance for doubtful accounts was necessary as of December 31, 2018.

#### Property and equipment

Property and equipment is recorded at cost or, if donated, at fair value at the date of donation. Martha's Table capitalizes purchases over \$1,000 with an estimated useful life of greater than one year. Depreciation and amortization expense is computed using the straight-line method over the estimated useful lives of the related assets commencing in the month the asset is placed in service, as follows:

| Building and Improvements | 7 - 40 years |
|---------------------------|--------------|
| Furniture and Equipment   | 3 - 15 years |
| Vans                      | 5 years      |
| Website                   | 5 years      |

Costs related to construction in progress are not depreciated until the assets are completed and placed in service.

#### Net assets

Martha's Table classifies net assets into two categories: net assets without donor restrictions and net assets with donor restrictions. Within net assets without donor restrictions, Martha's Table's board has designated net assets of \$300,000 for a reserve fund that consists of amounts for non-recurring expenses that require board action before they can be expended.

Net assets with donor restrictions consist of contributions with donor-imposed time and/or programspecific restrictions. These restrictions require that resources be used for specific purposes and/or in a certain period. Such net assets with donor restrictions become net assets without donor restrictions when the time restrictions expire or the funds are used for their donor-imposed purposes and are reported in the statements of activities and change in net assets as net assets released from restrictions.

Net assets with donor restrictions also consist of contributions with donor-imposed restrictions to hold the donated assets in perpetuity. Martha's Table has not received such contributions and, therefore, does not have any such net assets.

#### **Revenue recognition**

Martha's Table records contributions as contributions and grants revenue when received in cash or when unconditionally pledged by the donor. Donated investments are reflected as contributions and grants revenue and are recorded at their fair value on the date of receipt. All contributions are considered to be available for use unless specifically restricted by the donor. Revenues with donor restrictions are contributions with donor-imposed time and/or program-specific restrictions. These restrictions require that resources be used for specific purposes and/or in a certain period.

Conditional promises to give are recognized when conditions on which they depend are substantially met.

Revenues from federal and other funding sources are recognized when the related expenses are incurred. Expenses charged to federal grants are subject to audit and adjustment.

#### Notes to Consolidated Financial Statements December 31, 2018

Special events revenue is presented net of revenue-sharing amounts paid to a partner organization and expenses of the special events for the year ended December 31, 2018 is as follows:

| Special events revenue, gross<br>Less: Revenue sharing amounts paid to a partner | \$<br>829,616          |
|----------------------------------------------------------------------------------|------------------------|
| non-profit organization<br>Less: Special events expenses                         | (328,778)<br>(164,076) |
| Special events revenue, net                                                      | \$<br>336,762          |

#### In-kind contributions

In-kind contributions include food, clothing, investments and other items, such as toys and educational materials. In-kind contributions are recorded as in-kind contribution revenue and program or supporting expense at their estimated fair values at the date of donation.

Area supermarkets, caterers, food vendors, shops, hotels and volunteers provide over 98% of the food served by McKenna's Wagon at no cost or at significant discounts. In-kind contributions related to donated food are determined based on monthly estimates of meals served. In-kind contributions related to clothing and other items are determined based on periodic surveys of sale prices for comparable items at similar local thrift and second-hand stores.

In-kind contributions related to donated services are recorded in the consolidated financial statements to the extent that those services create or enhance a nonfinancial asset, or the services require specialized skills, the service is provided by individuals who possess those skills, and the service would typically need to be purchased if not contributed. Donated executive services of \$230,000 that meet these criteria were recorded as in-kind contributions in the consolidated statements of activities and change in net assets for year ended December 31, 2018.

Martha's Table periodically reviews its systems and processes for calculating in-kind contribution values and makes necessary updates.

For the year ended December 31, 2018, Martha's Table's Health and Wellness and Parent Initiatives Program benefited from volunteer hours totaling approximately 48,880 (unaudited). The value of hours volunteered at Martha's Table is not recorded in the consolidated financial statements, as it does not create or enhance nonfinancial assets or require specialized skills. The value of such unrecorded labor was estimated by management at \$415,480 (unaudited) for the year ended December 31, 2018.

#### Income taxes

Martha's Table, Inc. and MT SO are exempt from federal tax under the provisions of Section 501(c)(3) of the Internal Revenue Code. Hillsdale is treated as a disregarded entity for income tax purposes and consolidated into Martha's Table Inc.'s tax filings. Accordingly, the accompanying consolidated financial statements do not include a provision for federal and state income taxes. Martha's Table has been classified by the Internal Revenue Service as a publicly supported organization under Section 170(b)(1)(A)(VI). Martha's Table believes it has appropriate support for any tax position taken and, as such, does not have any uncertain tax positions that are material to the consolidated financial statements. Martha's Table recognizes interest expense and penalties on income taxes related to uncertain tax positions in general administration expenses on the consolidated statements of activities and change in net assets and accounts payable and accrued expenses in the consolidated statements of financial position. There is no provision in these

#### Notes to Consolidated Financial Statements December 31, 2018

consolidated financial statements for penalties and interest on income taxes related to uncertain tax positions for the year ended December 31, 2018. Tax years prior to 2015 are no longer subject to examination by the IRS or the tax jurisdiction of the District of Columbia.

#### Concentrations

Martha's Table maintains bank deposits with commercial financial institutions that at times may exceed Federal Deposit Insurance Corporation ("FDIC") limits. At December 31, 2018, deposits in excess of FDIC limits totaled \$2,955,000. Martha's Table monitors the creditworthiness of the institutions and has not experienced any credit losses on its bank deposits, nor does it expect to experience any such losses.

In addition, at December 31, 2018, Martha's Table held funds totaling \$6,365,308 at a local financial institution through a master repurchase agreement, whereby the funds are invested in securities backed by the United States government and related agencies.

#### Use of estimates

Management uses estimates and assumptions in preparing these consolidated financial statements in conformity with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

#### Impairment of long-lived assets

Martha's Table reviews its long-lived assets for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable. If the fair value is less than the carrying value of an asset, an impairment loss is recognized for the difference.

#### Change in accounting principle

During the year ended December 31, 2018, Martha's Table adopted the provisions of Accounting Standards Update 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities* ("ASU 2016-14"). Accordingly, the beginning balances of the donor restricted net assets categories (temporarily and permanently restricted) have been retrospectively adjusted to consolidate all donor restricted net assets into one classification, *with donor restrictions*. The ASU requires additional disclosures in the areas of liquidity and availability and requires reclassification of investment expenses. Martha's Table has adjusted the presentation of these statements accordingly. ASU 2016-14 has been applied retrospectively to all periods presented.

#### Subsequent events

Martha's Table has evaluated events and transactions for potential recognition or disclosure through May 30, 2019, the date the consolidated financial statements were available to be issued.

#### Note 2 - Liquidity and availability of resources

Martha's Table regularly monitors liquidity to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. As part of Martha's Table's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures liabilities and other obligations come due. In addition, Martha's Table invests cash in excess of daily requirements in short term investments.
